### **Personal Statement**

I'm a hardworking and committed individual, able to work as part of a team. I have completed my four-year study at Moi University studying Bachelor of Science in Informatics (Developing and Maintaining information Systems) and I'm looking for this great opportunity to practice my skills.

I have a wide range of Information and Communication Technology skills and I am looking to secure a challenging new role where skills, knowledge and previous experience can be applied and further professional development achieved.

### **Education and Qualifications.**

Moi University: Bachelor of Science in Informatics (Information Systems) – 2016 to 2021.

- ✚ Acquired a digital skills certification in partnership with E-Mobilis and Google.
- ✚ I have explored interesting topics on data structures and algorithms.
- ✚ Acquired a basic computer programming certificate. (Python and JavaScript)
- ✚ Educated and coached on communication skills, report writing and research skills.
- ✚ Did a project and developed a job-seeking system which I'm still improving on, available on my GitHub page.

St. Mary's School Yala: Secondary School Diploma—Dates: 7th February 2012- 5th November 2015.

- ✚ Graduated with a mean grade of B+.

#### Key Information Technology Skills:

- ✚ Software development with web technologies.
- ✚ Database, data extraction, data cleaning, data visualizations.

#### Key Programming Languages;

- ✚ JavaScript (HTML, CSS inclusive)
- ✚ NodeJS – MERN Stack
- ✚ Python (for backend applications using Django, for data extraction applications using the scrapy library)

### **Work Experience**

Siaya Institute of Technology: ***Software and Hardware Support*** (June 2021 to September 2021)

Upwork Freelancing Platform: ***Full Stack Developer (Reactjs with Python-Django)***, May 2020 to Present (FREELANCE) – [check my 5-star ratings.](#)

- ✚ Mastered work ethics and how to handle deadlines when working on projects.
- ✚ Perfected my python programming skills specifically building web scrapping bots.

Libro Systems Kenya: ***Hardware Repair and Web Design***, February 2020 to April 2020 (INTERN)

- ✚ Web development and Internet based solutions, which include portals, dynamic websites, multimedia rich interactive websites with Flash and Intranet based solutions for Business Automation
- ✚ PC Hardware repair
- ✚ Remote services

Moscom Cybercafe: *Hardware Support and Customer Assistance*, August 2017 to December 2017.  
(INTERN)

- ✚ My main responsibility was to ensure smooth operations of the hardware equipment in the cybercafé.
- ✚ Additionally, I had the duty to ensure satisfaction and user-friendly environment for the customers.
- ✚ During this short experience, I improved on my interpersonal communication skills as I had to communicate with my seniors on arising matters.
- ✚ Directed on the day-to-day operations, which got me sharpen my management skills.
